Ex Tax: 168.00€

Design: Satyendra Pakhalé. A modular carpet for preschool kids. Puzzle carpet is a modular carpet made of expanded PU helps children from age 2 to 6 years old to enhance their motor skills as much as it creates a surface for kids to play evoking their fantasy of playing in greenery, sandy sea shore or water hence the pattern of grass, sand and water are digitally printed on the upper side of the puzzle carpet. Puzzle carpet not only helps to improve children's motor skills but also helps them to tidy up their space after playing, encouraging to assemble and then dis-assemble the puzzle carpet module playfully. Made of soft expanded polyethylene coupled with polyester fabric. Pack of 7 puzzle.
