

FCC Series Hirche Lounge Chair ponyskin

Ex Tax: 0.00€

Designed: 1953. This chair was designed by Herbert Hirche in 1953 and with visible origins of the Bauhaus, where Herbert Hirche studied under Mies van der Rohe. Amazingly enough this chair never went further than prototype-level. At the occasion of Herbert Hirche's 90th birthday in the year 2000 we raised this treasure and are now offering it in both classic fabrics or a range of contemporary styles.
