

EB SCHULZ Series CUBE red

Ex Tax: 0.00€

FOR SHELF SYSTEMS UNIFLEX, QUADRA AND RONDEA.
Function and Design! To add a spot of colour to your library, we present our CUBES as a display for books, art, decoration and the like to draw the attention of your visitors. CUBES are designed as an addition to our shelf systems UNIFLEX, QUADRA and RONDEA, and provide a host of opportunities. It is also possible to integrate CUBES into shelf systems made by other manufacturers. CUBES slot into sections in the shelf system and are available for new shelves as well as for pre-existing systems.
