Le chat lounge chair. Tubular steel frame, upholstery. "A chair should be more than simply functional. It should be friendly, fun and colorful." -Pierre Paulin. Pierre Paulin designed Le Chat in 1967. Its tense curves seem to leap from a single point. Drawn with a single stroke of the pen. Without hesitation. You can feel the power, the readiness to leap. But it also invites you to sit. It's fully shaped to your body. Dynamic and restful. Design Pierre Paulin, 1967.
