

Loge easy chair

Ex Tax: 2,235.00€

Loge easy chair. Upholstery, metal feet. This armchair caters to people who love to slide right down in a chair. Since the apparent shape is low and deep, but the seat is actually shallow on the inside, the Loge is also suitable for tall people. Its distinguished, streamlined shape gives the Loge an air of masculine sportsmanship, comparable with a classic racing car. Design Gerard Van den Berg, 1989.
