

MH Series BiSc 1200H x 900W (w alu pole+base)

Ex Tax: 460.67€

Heavy duty panel display system, ideal for mounting framed artwork and items that have any weight to them. Using a pole and clip system the display panels can be mounted portrait or landscape. It has been designed to be capable of displaying heavier items included framed artwork and craft items. All display panels are double sided and finished in MH Expoloop Velcro receptive fabric, giving you the flexibility to display on both sides of the board. This system is compatible with MH Dots and Dash, ideal for attaching information.
