

EB Series Soft seating Angel

Ex Tax: 0.00€

With its almost iconic design, Angel is a lounge chair that both rests in itself as a standalone unit, but at the same time can be an elegant and natural part of an interior along with other independent designer products or more casual living room furniture. The design is soft and inviting. Two combined elements form the seat and back in a single dynamic movement, and along with the unique swivel foot they create a homogenous design that will add style and personality to any design-conscious user's interior.
