Irresistible charm and character! The Danish Broadcast Cooperation asked busk+hertzog to design a chair especially for Kylie Minogue, as a gift from them to her. When asked about the chair, Designer Flemming Busk says: 'The name of the chair is Hello and its design is round, open, and happy -like a mouth calling out to people, asking them to come closer.' This chair is comfortable while bestowing welcome and intrigue to anyone around it. You can't help but want to sit in the chair. The Hello tables are extremely functional and practical. You can use them in all kinds of settings and move them around as desired. They come in two sizes, and the tabletops are white full gloss with stainless steel base. DESIGNER: busk+hertzog. Year of design: 2002.
