ΣΕΙΡΑ FB BIBENDUM CHAIR. Πολυθρόνα. Σκελετός από μασίφ ξυλεία, γεμισμένος με Multi Density foam. Μεταλλική βάση SUS304. Π800 x Β950 x Υ730. Σχεδίαση: Eileen Gray (1929). Bibendum is one of a kind. Nowhere in the history of design will one find an armchair that compares to this. It is captivatingly harmonious despite its size and unites a majestic impressiveness with charm and esprit like no other armchair. Eileen Gray underscored the character of her endearing parlor lion with twinkling irony, she named it after the Michelin man, whose form this armchair calls to mind.
