

ANC-LA Edu Series E4000 tipup table Bi-laminate

Ex Tax: 389.00€

E 4000 is a new system of seats and tables for university lecture theatres, conference halls, auditoriums, convention centres and training facilities. The clean, essential and neutral lines express the minimalist ethos of the range to enhance any environment. All components have been simplified and made more efficient to ensure they are practical, hard-wearing and long-lasting, adapting to all teaching applications and offering technological and multimedia functionality. The flexible assembly of the system means it can be adapted to shapes of any space and size, and installation and maintenance are also easier. The solidity and high quality of the materials, along with the wide range of finishes together create a variety of simple yet sophisticated seating solutions. E4000 is the product of many years of design and project experience in building and supplying furniture for teaching applications.
