

ANC-LA Edu Series ST/SF standalone table

Ex Tax: 0.00€

Study benches with fixed table plus Modulamm tip-up seat on beam, available in the version to be fixed to the flooring or with adjustable feet. A system for training environments, university lecture theatres and conference rooms made up of a study bench with coupled or incorporated Modulamm tip-up seats on beam. Characterised by simple constructive solutions and a sober, functional design together with great strength and long duration, maximum safety and great comfort. In the coupled version, the bench and the beam with the seats are to be fixed to the flooring, whereas this is unnecessary for the version which integrates the two components. The system is available for installation on the flat and on steps, including for the curved row version.
