

UNI Series Archival Quality Laser Foil back Labels, Type-D

Ex Tax: 99.13€

Perma/Seal Foil Back Laser Labels provide archivists, conservators, curators and other collection care specialists with a variety of acid-free label formats for their laser printers. All feature a non-yellowing, pressure sensitive acrylic adhesive. The foil back version provides an extra barrier between the acid-free paper and the adhesive to prevent bleed through and to enhance the ability of the label to adhere to rounded or other irregularly shaped items. Each label format is provided on an 8.5" x 11" sheet. Please note: These labels should not be used directly on valuable artwork, documents, artifacts or photographs. Box contains: Labels/sheet =84, sheets = 30
