

EBL Counter Inform 90o circle

Ex Tax: 0.00€

90° Circle Segment Counter. You are looking for an angle-shaped counter in L-shape and want to use the corner space between the two sides for a complete and ergonomic workstation? This is the perfect application for the 90° circle segment and its qualities! Also in combination with other circle segment counters, rectangular counters, advisory counters, lift counters and cabinet modules.
