

Cubicles VE Series V2 Core Space

Ex Tax: 0.00€

V2 washroom cubicles are innovative, durable and stylish. Toilet cubicles range from streamlined Equinox to minimalistic Space, to sturdy Centurion. Featuring innovative technology and minimalist lines, we have designed our Space toilet cubicles without pilasters to achieve a breathtaking sensation of Space. Our Space washroom cubicles feature high quality, precision engineered stainless steel fittings. Available in four material finishes, our Space toilet cubicles are suitable for all types of wet and dry environments with options to match your budget and needs. Our MFC Space toilet cubicles are ideal for dry, low risk areas, while our HPL cubicles are manufactured from robust, heat-resistant high pressure laminate. Our SGL cubicles, manufactured from 13mm nominal thickness solid grade laminate, are impact resistant and impervious to water. All available in a range of inspiring colours. Alternatively, our ColourCoat Space washroom cubicles feature our new range of ColourCoat polyurethane lacquers, available in ten vibrant and modern colours.
