

## **Nitrogen (N2) generator NITROGEN 30**

Ex Tax: 30,000.00€

Nitrogen (N2) generator: PSA type, supplying a flow of 1,5 to 4 m3/h of 99,9% purity nitrogen. This system will need a capacity of around 300 liters. NITROGEN 30 to generate Nitrogen (N2), producing 3 m3/hNPT @ 99,99% minimum purity and a maximum pressure of 9 bar. The air consumption of 13,1 m3/h at 9,5 bar.
