

Microscope Stereo 3.5X-90X Trinocular LED BoomS w/3MP Cam

Ex Tax: 1,183.00€

This 3.5X-90X trinocular stereo zoom microscope is on boom stand. It comes with a trinocular head with super widefield optics, a heavy-duty single-arm boom stand, a 54-LED ring light with dimmer, and a 3MP color digital camera. It offers crystal clear erect stereo images, 2-1/2" (65mm) super widefield of view, 26:1 large magnification zoom range and 8" (200mm) large working distance. The high-eyepoint optical design ensures an easy and comfortable observation for all users including eyeglass wearers. The boom stand gives your microscope the flexibility to cover large working area. The intensity-adjustable LED ring light provides bright, even and cool light illumination.
