

Monitor /Sensor TH2500 Hand-held thermohygrometer

Ex Tax: 438.20€

Hand-held thermohygrometer. -20 to+50°C / 0 to100% RH.

The TH-2500 is a portable device for spot reading of temperature and relative humidity. It can record as a data logger, monitoring temperatures from -20 to +50°C, and RH from 0 to 100%. Readings are shown on a display, switchable between °C and °F. This logger requires Tinytag Explorer software and a USB cable.
