Ex Tax: 150.00€

in units of 10 pieces - approx 1m2. Design by Nauris Kalinauskas (2005). Puzzle Rug IMPERIAL - Forget the moment of disappointment when the rug you chose failed to fit the place you prepared for it because it was too long, too short, or too wide...Contraforma Studio offers a solution to this problem - Imperial - the innovative interpretation of a traditional floor covering made of separate parts. This multi segment floor covering is designed to utilize floor space. Decorative pieces of IMPERIAL are connected to create a rug with the potential to form many different configurations of shape, size and colour. Materials: 100% polypropylene; secondary backing: halfbad resine-ster (rubber)
