FCC Series Mr Chaise Longue leather

Mr Chaise lounge. Tubular steel frame, cowhide. "Architecture is a language, when you are very good you can be a poet." -Ludwid Mies Van der Rohe. Influenced by Marcel Breuer's use of tubular steel, Ludwig Mies van der Rohe quickly recognized the compatibility of this revolutionary material with the contemporary design ethos. Inspired by the lines of tubular iron rockers designed in Europe during the mid-19th century, Mies incorporated a new material and a new technology in the use of the cantilever principle. The MR Collection of tubular steel lounge furniture includes the MR chairs, chaise lounge, and adjustable chaise lounge. Design Ludwig Mies van der Rohe, 1927-1932. Ex Tax: 484.50€
