

EB Series Slimline Radius DS 80W 32/36D 212H add-on+corner

Ex Tax: 2,470.00€

Complete shelving bays where a starter bay consist of 2 outside end panels, 1 full back, concave and convex shelves and fittings. An add-on bay consist of 2 intermediate end panels, 1 full back, concave and convex shelves, 45 degree corner shelves and fittings. The shelving system has end panels with a straight front edge. The wooden shelves are concave on the inside of the circle and convex on the outside of the circle. The inside diameter of full shelving circle is 228.7 cm and the outside diameter of full shelving circle is 357.4 cm. The start- and add-on bays have a full back. The 45degree corner shelf bay does not have a full back, but instead has an 8.3 cm opening when seen from the inside. Slimline Radius configurations are delivered as standard in light steamed beech veneer, no. 55 or birch veneer, no. 69.
