

Lounge chair 43

Ex Tax: 6,865.00€

Lounge chair 43. Natural lacquered birch, linen webbing.

"Objects are made to be completed by the human mind."

-Alvar Aalto. Another sculptural chair which seems to test the limits of bent plywood manufacturing. The Lounge Chair 43's framework consists of cantilevered laminated wood legs (which flex a bit for sitting comfort), between which the lounge is upholstered with linen webbing. Aalto chose to use native birch for its natural feel and insulating properties. Design Alvar Aalto, 1937.
