

V Series Botany Cabinet m.241

Ex Tax: 0.00€

The popular, full-height Viking Model 241 cabinet provides 19.3 cubic feet of storage space and includes 26 storage compartments separated and strengthened by a beaded center divider. Ideal as a herbarium, the Model 241 offers exceptional construction and a carefully crafted, unique design that provides extra space in front and back of the compartments to allow free circulation of air and fumigants. You'll also enjoy the valuable extra working space provided by the convenient pull-out workshelf on the Model 241.
