

AB Series Loop - white frame

Ex Tax: 829.00€

Loop is a playful screen system that offers users opportunities to form creative combinations. The product consists of a framework, with lines of fabric threaded between the bars of the frame in a classic weaving technique. Creating a screen with an irregular shape not only produces an aesthetically attractive look, but also effectively blocks sound waves. This gives Loop excellent sound-absorbing properties. The steel frame in the basic design is white or black lacquered.
