

PA Series Linear Quick Room (poly) 2080H x 2180W

Ex Tax: 1,390.00€

This foldable Polycarbonate room partition is 100% waterproof and cleanable. The attractive semi-transparent panels allow light into space whilst creating a dedicated private area. Made of lightweight, waterproof and translucent polycarbonate core with a durable aluminium frame. The partition contracts to one panel width for easy moving and storage. It provides endless versatility and configuration options. Optional unit-to-unit connectors allow to join additional units together for longer walls.
