

PA Series AF Folding Partition 1830H x 2540W

Ex Tax: 890.00€

This partition is fitted with acoustical tri-fold panels that are connected with a patented 360 degree hinge, allowing for ease of use and storage. Features Include: Elegant extruded aluminium frame which makes it strong yet lighter than partitions with steel frames. Each aluminium panel frame is joined through a unique cast aluminium corner joint providing superior strength, durability and stability. Hang objects such as artwork, photos, whiteboards etc. over the top of the portable room divider to make mobile galleries, information walls or classrooms. Fiberglass acoustical panel for superior sound insulation. High-quality, lightweight aluminium frame for structural durability. Accepts velcro and pushpins. Flame retardant fabric
