

## PA Series Expanding Barricade

Ex Tax: 190.00€

These highly visible expanding barricades allow you to install a temporary barrier in seconds. Expands to 4 meters" and stores in a compact 42.7cm length. With sturdy rectangular tubular steel construction, this expanding barricade is easy to set up and fold for convenient storage. The expanding barricade has a handle that connects to the opposite end post to create a variety of configurations while connecting many units together. Has a high-gloss powder-coated finish. For indoor and outdoor use.
