

Cherner 4-door cabinet

Ex Tax: 3,599.00€

Flexible storage solutions for the home or office. Built entirely from laminated, molded and cross-ply plywood, Multiflex casegoods are lightweight and strong. Clear finish walnut veneers and contrasting edge laminations create a strong geometry and highlight the handcrafted mitered joinery. Available in a range of unit sizes and storage configurations to fit almost any need. The "walnut-stained walnut (classic)" option has a walnut seat that has been covered with a walnut finish, which give the core and walnut veneer a uniform appearance. The "walnut-clear stain (natural)" option has a walnut seat and has been covered with a clear finish, which emphasizes the contrast between the exposed beech core and walnut face veneer. Laminated plywood, molded plywood. Design Benjamin Cherner, 2003
