

White Neutral pH Adhesive Dispenser Bottle 8oz

Ex Tax: 8.54€

This acid free adhesive, it has excellent lay-flat properties this helps to keep curling or waves in the paper to a minimum and dries clear. The easy to use polyvinyl acetate (P.V.A.) formula is fast setting, remaining tacky for long enough to be worked before drying completely. This adhesive was formulated specifically for preservation materials, dries semi-clear and flexible and should not become brittle with age. Adheres to most surfaces.
