

AF Clamshell Box 220 x 160 x 40mm

Ex Tax: 6.39€

These acid-free boxes are of a high conservation standard with a clean attractive appearance. The boxes are shipped flat taking up minimum storage space. Once ready to assemble, they have easy to use self-locking tabs with a real professional finish. Made from 100% cellulose, contains no wood particles. The pH is between 8 and 9.5. Neutral adhesive is used, 4% calcium carbonate buffer is added for further protection. The qualities are in line with technical standards of DIN ISO 9706 ANSI/MISO Z3948-1992, ONORM A1119 and are therefore guaranteed to be age resistant according to current knowledge.
