

## **ANC Wood slab series Coffee table Twin z5g**

Ex Tax: 0.00€

The Twin Coffee Table is a contemporary glass top accent table with a unique reclaimed wood base. Its one-of-a-kind wood base is formed by a pair of salvaged Brazilian Vinhatico wood, which are naturally hollowed and show imperfections created by the effects of the time in its natural habitat as a fallen tree in the Northeast of Brazil. This table makes a great conversation piece and can be used with or without a glass top.
