

Evidence Collection Bags Antistatic Ziplock 6x8" (100/pkg)

Ex Tax: 50.05€

Plastic Evidence Bags - Anti-static Ziplock. Our Anti-static Evidence Bags are made of a specially treated polyethylene material designed specifically to be used with sensitive items such as hard drives, cell phones, MP3 players, or any type of electronic device or component that can be damaged by static electricity. These heavy-duty Anti-static Ziplock Evidence Bags are made of a 4 mil polyethylene material and can be heat-sealed to assure evidence integrity.
