

S-DW Series Binga Circular bench

Ex Tax: 0.00€

Focusing on aesthetics and longevity, the range combines high quality, low maintenance materials backed by industry accredited environmental standards. Benches combine FSC hardwood, galvanised steel and concrete, for additional life expectancy. A range of finishes include: natural, untreated timber; granite; and polyester coating or wet painting... The circular version is available as segments, or can make a full circle (minimal internal diameter 1000mm). It can also be supplied in a configuration to suit requirements.
