

EB Series Soft seating Radar

Ex Tax: 0.00€

Elegant and surprising... Radar is an informal piece of furniture designed for the purpose of creating a multifunctional recliner. Radar's rotary joint enables it to be set in different positions for a variety of relaxing positions. As the name indicates, radar was the source of inspiration for this unique recliner. RADAR -Position 1: L810 x D990 x H740 x SH350 - Position 2 : L1060 x D750 x H660 x SH380. DESIGNER: Toke Thye Olsson, Year of design: 2009.
