NW Series Beliz Family of office chairs. Type: Swivel chair, Swivel chair with armrests, Cantilever chair with armrests. The chair is distinguished by its decisive, uncompromising lines. The boldness of the design by Oscar Buffon is not, however merely a question of shape. It is also the selection of the highest quality materials. Thanks to the nature of the materials used in its construction, Belite simply shines making it hard to ignore. It is the choice of people who look with disdain upon the mediocre. The oval shapes and light appearance are not all this chair has to offer. It is also easy to fall in love with the comfort that Belite guarantees. Sitting down can be a greater pleasure than you think.
