

## **ANC-LA Edu Series E3000 w/fixed table Upholstered**

Ex Tax: 405.00€

The E3000 study bench is the light version of the already successful Q3000 series. Thanks to a careful technological reassessment some of its structural components have been simplified without foregoing the traditional and highly valued qualities of reliability and solidity which characterize the Q3000 models. This new solution, inspired by more contemporary functionality requirements, can also be used in a curved arrangement with tip-up writing tables, thus allowing you to take full advantage of the space available. Specs: Backrest and seat upholstered.
