

ANC-LA Conference Series Tulip (on beam)

Ex Tax: 763.00€

Armchair for theatres, auditoriums and multi-functional areas. Designed to satisfy demanding functional and comfort requirements, this armchair is formally qualified by a compact, rounded contour which facilitates its inclusion in different architectural settings. The tasteful, exclusive design is accentuated by the innovative synchronous opening system for the seat and arm, which facilitates movement as well as revealing the delicate flower form that gives the product identity. Available as a single armchair or on beam, Tulip can be positioned both on horizontal flooring and on steps.
